Spotlight on Erica Courtney
2020vet

Erica entered the U.S. Army as an enlisted soldier in the Military Police Corps where she served in Europe and state-side. After 3.5 years of service she won a scholarship to finish college and received an honorable discharge as a Corporal. Erica earned her commission through ROTC and graduated number one in her cadet class and reentered service as an officer in the Aviation branch.

Erica has also worked as a corporate executive and founded a consultancy centered on government business development, growing on average 25% annually for six years. Erica has won several national and global technology and socially responsible business plan awards from highly respected organizations and universities. Erica now sits as a national business plan judge evaluating and providing feedback for budding social entrepreneurs.

WHO We Are

2020vet is a certified Service Disabled Veteran Owned Small Business (SDVOSB) that provides cost effective and responsive supply chain and marketing solutions with subject matter expertise in engineering and scientific solutions making the complex simple through our award winning team located in the heart of Silicon Valley, California.

2020vet brings together worldwide best practices to ensure things are done right, on time and on budget.

Having served in top logistical leadership positions in the U.S. Army and Fortune 100 companies, Erica Courtney formed 2020vet in 2013. Working together in teams, overcoming challenges, creating systems and combining assets to create efficiencies is what Erica has done successfully in uniform and out for over 20 years.

2020vet focuses on supply chain efficiencies in ways to incorporate mission first and the hiring of veterans who are a perfect fit for logistics, project management, engineering and IT.

2020vet leadership brings a unique skillset of its team members by embracing this reality.

About Erica

Erica, CEO of 2020vet, has over 11 years as a scout helicopter pilot and senior staff officer, US Army, in charge of government contracts, budgets and logistics in excess of $750M and 2,400 personnel.

Erica entered the U.S. Army as an officer in the cadet class and reentered commission through ROTC and Corporal. Erica earned her commission through ROTC and Corporal. Erica earned her honorable discharge as a 2nd Lieutenant. Erica then entered the U.S. Army in the Military Police Corps where she served in the Aviation branch.

Erica has also worked as a corporate executive and founded a consultancy centered on government business development, growing on average 25% annually for six years. Erica has won several national and global technology and socially responsible business plan awards from highly respected organizations and universities. Erica now sits as a national business plan judge evaluating and providing feedback for budding social entrepreneurs.

What We Do

When anything needs to be electronically or personally managed, procured, assembled, duplicated, created or reworked, shipped & returned accurately & timely, 2020vet is your total integrated provider.

If you need the best forensic engineers to help you understand issues, resolve claims & disputes, 2020vet delivers.

2020vet can manage your: Supply chain, inventory, assets, acquisition, project, systems integration, printing, reverse logistics, marketing, media duplication, fulfillment, warehousing, distribution, customer portals, packaging, real-time information, assembly, pick-pack-shipping, assembly center & customer care, audits & engineering and scientific disciplines.

2020vet engineers solutions using tools that achieve a more sustainable supply chain driving operational efficiency in an ISO certified facility.

2020vet Lean practices reduce waste and efficiency in terms of unnecessary freight runs, inefficient facilities & excess packaging.

2020vet in the technical service space utilizes LEED qualified engineers that can perform environmental assessments, remediation work and more.

2020vet works with and continues to hire veterans to not only provide a job, but assistance with transitioning from military to civilian successfully.

More about Erica in the Community

Erica was named one of 80 women nationwide with the leadership background and a vision for what do with it to change the world by Oprah Magazine and The White House Project.

Erica was appointed to the Mayor’s Commission on the Status of Women where she represented more than 677,625 women in the greater Jacksonville, Florida area and was also named as a Jacksonville Business Journal 40 under 40 doing good things in the community and in business.

Most recently, Erica accepted an assistant professor of military science position and entered into the Army Reserves to teach Senior ROTC cadets at Santa Clara University, Stanford University and San Jose State mentoring the next generation of Army officers.

Erica also holds a Board of Trustees seat at a private independent K-8 school with over 280 students. In addition, Erica also helps Bay Area veterans by acting as the VP of the Disabled Veteran Business Alliance.

Erica Courtney has an Executive MBA from Florida International University and has a plethora of formal training in the areas of leadership, strategy, flight and operations.

And, Erica has two children and her husband Chris is a helicopter pilot for the U.S. Coast Guard in the Bay area.

2020vet is an 8a Service Disabled Veteran Owned Small Business (SDVOSB) that provides cost effective and responsive supply chain and marketing solutions with subject matter expertise in engineering and scientific solutions making the complex simple through our award winning team located in the heart of Silicon Valley, California.
